

# Varsha Iyer

## Product Designer

217.899.2571 | vvi2@cornell.edu | <https://www.varsha.design>

### Profile

---

Driven and ambitious Computer Science student with a passion for UI/UX Product Design and app/web development.

### Experience

---

#### spott, UI/UX Design Intern

May 2021 – August 2021 | Remote

*Design intern for a social app for finding out what's happening around you. Learn more about the app here: <https://bit.ly/3BtMpXK>.*

- Designed and implemented solutions that effectively solved core problems with the app's user interface, including pioneering a new feature using Figma's design and prototyping tools.
- Engineered screens in Flutter to assist in the redevelopment process of the app to support both iOS and Android systems.
- Redesigned and deployed a wait-list website to be used for marketing that can be viewed here: <https://www.spott.live>.

#### Cornell University AppDev, Intro to Digital Product Design Teaching Assistant

August 2021 – present | Ithaca, NY

*TA for an introduction product design class taught by Cornell Engineering's project team - AppDev.*

- Assisted the head course instructors in teaching students about the design process through lectures with learning material ranging from user research to prototyping to interaction/visual design.
- Mentored and guided students through the design process from start to finish in the completion of their case study by grading their weekly assignments and hosting critique sessions as well as office hours.

### Education

---

#### Cornell University

BS Computer Science

expected grad **May 2024**

### Toolbox

---

#### Design

User Research  
Rapid Prototyping  
Interaction Design  
Interface Design

#### Prototype

Figma

#### Programming

Python  
Java  
JavaScript  
React  
HTML & CSS  
Flutter  
Swift

### Relevant Courses

---

#### Intro to Digital Product Design

August 2020 – December 2020

#### Intro to iOS App Development

February 2021 – May 2021

#### Object Oriented Programming and Data Structures

February 2021 – May 2021

#### Networks

August 2021 – December 2021

#### Data Structures and Functional Programming

August 2021 – December 2021

### Passions

---

**Running** Long distance for 10 years

**Art** Photography, Drawing, Mixed Media

**Hiking** Exploring and adventuring the outdoors
