

Varsha Iyer

UI/UX Product Designer

217.899.2571 | vvi2@cornell.edu | <https://www.varsha.design>

Profile

Driven and ambitious Computer Science at Cornell University's College of Engineering with a passion for UI/UX design and app/web development.

Experience

spott, UI/UX Design Intern

May 2021 - August 2021 | Remote

Design intern for a social map for finding out what's happening around you.

Learn more about the app here:

<https://furry-chard-d1b.notion.site/Introducing-Spott-008f262cf7e345cd9ee2cafaf8b55f9c>

- Offered design solutions that effectively solved problems with the user interface, including designing a brand new feature.
- Built screens in Flutter to assist in the rewriting process of the entire app to support both iOS and Android systems.
- Built a wait-list website in order to be used for marketing that can be viewed here: <https://www.spott.live>

Cornell University AppDev, Intro to Digital Product Design Teaching Assistant

August 2021 - present | Ithaca, NY

TA for an intro product design class taught by Cornell Engineering's AppDev project team

- Assist the course instructors in teaching students about the product design process (user research, prototyping, interaction/visual design) through lectures and critique groups.
- Grade and critique students' assignments as they work through each step of the design process in building their own case study.
- Hold personal office hours for students to attend and ask for help with their work.
