

Varsha Iyer

Product Designer

217.899.2571 | vvi2@cornell.edu | <https://www.varsha.design>

Profile

Driven and ambitious Computer Science student with a passion for UI/UX Product Design and app/web development and the ultimate goal to impact the world through design.

Experience

spott, UI/UX Design Intern

May 2021 - August 2021 | Remote

Design intern for a social app for finding out what's happening around you. Learn more about the app here: <https://bit.ly/3BtMpXK>.

- Designed and implemented solutions that effectively solved core problems with the app's user interface, including pioneering a new feature using Figma's design and prototyping tools.
- Engineered screens in Flutter to assist in the redevelopment process of the app to support both iOS and Android systems.
- Redesigned and deployed a wait-list website to be used for marketing that can be viewed here: <https://www.spott.live>.

Cornell University AppDev, Intro to Digital Product Design Teaching Assistant

August 2021 - present | Ithaca, NY

TA for an introduction product design class taught by Cornell Engineering's project team - AppDev.

- Assist the head course instructors in teaching students about the design process through lectures with learning material ranging from user research to prototyping to interaction/visual design.
- Mentor and guide students through the design process from start to finish in the completion of their case study by grading their weekly assignments and hosting critique sessions as well as office hours.

Juni Learning, Part-Time Computer Science Instructor

September 2021 - present | Remote

Computer Science Instructor for 8 - 18 year olds.

- Mentor and guide six students as they learn Scratch and Python for the first time.
- Develop students' understanding of computer science and their coding skills by guiding them through one hour, one-on-one lessons up to two times a week.

Education

Cornell University

BS Computer Science

expected grad **May 2024**

Toolbox

Design

User Research
Rapid Prototyping
Interaction Design
Interface Design

Prototype

Figma

Programming

Python
Java
JavaScript
React
HTML & CSS
Flutter
Swift

Relevant Courses

Intro to Digital Product Design

August 2020 - December 2020

Intro to iOS App Development

February 2021 - May 2021

Object Oriented Programming and Data Structures

February 2021 - May 2021

Networks

August 2021 - December 2021

Data Structures and Functional Programming

August 2021 - December 2021
